

ANNOUNCEMENT

The ATENEO RESIDENCE HALLS (ARH) will temporarily close its dorm application process on July 16, 2020. The dorm application will reopen before the start of the 2nd Semester. Kindly take note of the following schedule:

- **July 15, 2020 - Deadline of SUBMISSION of ARH dorm applications** (*including those with dorm scholarship grants*)
- **July 30, 2020 - Deadline of CONFIRMATION for all accepted ARH applicants** (*including those with dorm scholarship grants*)

Given the challenges brought about by the pandemic, the residential buildings under ARH (**Cervini Hall, Eliazo Hall, University Dorm North Tower and South Tower**) will undergo facilities adjustments, and the ARH Management will implement the necessary health and safety protocols this school year. Consultations with the University Occupational Safety and Health (OSH) Committee, headed by our University Physician, are on-going in order to check our compliance and readiness for accepting resident students. Currently, we operate on the assumption that the government grants travel clearance for those who are 21 years old and above. Until a new directive from the government is released, students below 21 years old will not be allowed to enter the campus.

For ARH applicants, your CONFIRMED dorm application is valid for your initial stay during SY 2020-2021. However, shall you choose to stay at home until the 2nd semester, the validity of your dorm confirmation will be extended until 1st Semester SY 2021-2022.

For interested applicants, visit our website: www.residencehalls.ateneo.edu.

Thank you and stay safe!
